SoundThinking-Introducing PlateRanger-Webinar-16x9

Hello Eligio,

We're thrilled to invite you to our upcoming webinar showcasing PlateRanger™, powered by Rekor®. This groundbreaking solution from SoundThinking (formerly ShotSpotter™) is designed to address critical challenges in law enforcement, including staffing shortages, fragmented data systems, and the need for real-time intelligence.

PlateRanger combines ShotSpotter's market-leading gunshot detection with Rekor's advanced vehicle and license plate recognition technology. This integration offers:

- **Detailed Vehicle Insights**: Identify make, model, color, type, class, category, direction of travel, plate number, and state of origin, even in challenging conditions.
- **Real-Time, Actionable Intelligence**: Provides instant alerts and comprehensive data integration, enhancing investigative capacity and operational efficiency.
- **Optimized Resources and Public Safety**: Automates data collection and analysis, acting as a force multiplier to improve response times and reduce investigator workload.

Date: Tuesday, August 13th, 2024
Time: 10:00am-11:00am Pacific
Duration: 60 minutes + Q&A
